Recent Enhancements:
National 06/15/2021

Transfers: Now you can transfer between units and even between Council using the My.Scouting tools and Online Registration. The parent relationship requirement for a transfer has been fixed so units can make transfers now too.
Profile Improvements: Did you know you can add your photo to your online profile in My.Scouting?
Personal Scouting Unit Advancement Details Report: Found in Roster for unit leaders, once a person is select (youth or adult), you can print out a detail of all the registration, training, and advancement records for that person. Note: this is a one person at a time report.

Organization Security Manager is now Position Manager:
National 04/27/2021

An update was made to the process of setting functional positions in your unit, district, and council. That has moved to the "Position Manager" tab on in the "Organization Manager" page. This update also now allows the Chartered Organization Representative to change adult registrations.

Member Manager renamed Roster
National 02/16/2021

The Member Manger tab on your drop down menu was renamed to better reflect its function and is now called Roster. All the same features you were use to are still available. Depending on your registered role, you may also have access to Organization manager as this is the main tool Roster is part of.

You can now transfer and multiple between units using your My.Scouting account
National 11/16/2020

Now users are able to transfer from one Scout unit to another without having to take a new application into the Scout office. On the "My Application" tab you can transfer yourself as an adult volunteer or your youth member from unit to unit. Unit leaders will be able to transfer youth by going to the new "Roster" feature in "Member Manager" and "Organization Manager" and select the youth who need to be transferred, then click the "Transfer" icon. This will create a transfer application which will be sent to the new unit with the ability to be approved in "Application Manager". Transfers will take 48 hours to sync with the new unit.

The "Roster tool" also allows unit leaders to email other leaders in the unit directly from the tool. Editing youth/adult profiles, and printing rosters/membership cards is also available in the updated tool.
